General Orientation

This section of the Rule Book of the University of the Free State (UFS) sets out the rules in respect of the undergraduate programmes and study programmes in the Faculty of Economic and Management Sciences.

Faculty and General Rules

For all the various programmes and major fields of study, a number of rules apply. Two sets of rules are relevant:

General Rules of the University, which are applicable to all faculties and consequently also apply to programmes in this faculty. Unless specifically stated otherwise, the **General Rules** which apply to Bachelor's programmes apply to all the programmes listed here.

The General Rules contain basic information such as the following:

- Student registration; module modifications; simultaneous registration; module compilation; duration of study; preconditions; acknowledgement of modules passed at other institutions; etc.
- Semester and year marks; requirements for passing; programme with distinction; re-admission and exclusion of a student; re-assessments; special examinations; arrangements for examination venues; incorrect reading of examination timetable; marks and final results; etc.
- The National Benchmark Test (NBT), Rules A2 (1-13) from 2011, (Rules A3.9 (b) and (c) 2015 are compulsory for all prospective first-year students at the UFS who have applied for UFS studies. Students applying for admission to the Faculty of Economic and Management Sciences must also write the Mathematics test. **All students will be registered (during formal registration) for the applicable language (EAL1508) or Mathematics Development module(s) (MTE108 for the BAdmin four-year programme and MATD1554 and MATD1584 for the BCom with specialisation in General Management four-year programme), unless they provide proof of a proficient score in the NBTs, which is based on the minimum performance level determined by the institution and articulated in the admission requirements.**

Faculty Rules, which specifically apply to the programme in this faculty and which are described in this publication. *It is the responsibility of students to be conversant with the General Rules as well as the Faculty Rules.*

First Bachelor's Programmes

Information

The first Bachelor's programmes in this faculty are intended to maximally develop a student's capabilities and potential. Scientifically-based teaching is applied to equip each student for various career options in the broader field of Economics and Management and Sciences. This includes careers in the private and public sectors, certain professions as well as in secondary and tertiary institutions of learning. Postgraduate study is available for further advancement in a large spectrum of careers.

The UFS101 module is an institutional module offered under the aegis of the Centre for Teaching and Learning. **For students registering from 2014 and onwards the module UFS101 is a compulsory credit-bearing module for a first degree or diploma qualification** (Rule A3.9 (f) (ii)). Students register for the module in their first year of registration except for students in the four-year programmes who register for the module in their third year of registration for the BCom (General Management) degree.

Undergraduate programmes can be obtained in one of the following broad fields of study:

- Private Sector Management.
- Public Sector Management.

Programmes in the broad fields of study

Private Sector Management	Minimum period	Degree	Academic Plan
BCom <i>with specialisation in General Management</i>	3 years	63011	63011
BCom four-year programme <i>with specialisation in General Management</i>	4 years	63381	63381

Public Sector Management	Minimum period	Degree	Academic plan
Bachelor of Administration	3 years	63101	63101
Bachelor of Administration four-year programme	4 years	63561	63561

Rules

Faculty requirements

General admission requirements

Over and above the General Rules regarding admission to this University (General Rules A1) and admission to programme study (General Rules A2), the following specific prerequisites for admission to study in this faculty must be met.

Academic Programme	National Senior Certificate Performance Levels
BCom <i>with specialisation in General Management</i>	AP = 30 Mathematics = Achievement level 4 (50%)
BCom four-year programme <i>with specialisation in General Management</i> ¹	AP = 25 – 29 Mathematics = Achievement level 3 (40%)
BAdmin	AP = 30
BAdmin four-year programme ^{2, 3}	AP = 25 – 29

¹ Students who qualify for the BCom four-year programme are not allowed in the first year of a mainstream BCom programme.

² Students who register for BAdmin or BAdmin four-year programme without the required performance level in Mathematics or its equivalent at National Senior Certificate Level will not be allowed to subsequently change to a BCom programme.

³ Students who qualify for the BAdmin four-year programme are not allowed in the first year of a mainstream BCom programme.

Rules regarding admission to modules in the following study year

In order to proceed to the following study year in a programme, students should comply with the following requirements according to the General Rule A3.10.

The progression requirements are the following:

- (a) In the first study year of all undergraduate programmes, students are required to pass 35% of the first-year modules to be allowed to start with the second year's study.
- (b) In the second study year of all undergraduate programmes, students are required to pass at least 45% of the second-year modules to be able to start with the next year's study.
- (c) In all other study years of undergraduate programmes, students are required to pass at least 60% of the modules to be able to progress to the next year's study.
- (d) Where a student does not qualify to start with the next year's study, the student must register for the outstanding modules and repeat the relevant academic year, and she/he may, with the dean's permission, add a maximum number of modules to the next year's study, which, together, may not amount to more than a total of 32 credits above the normal curriculum requirements for the programme in a specific study year.
- (e) A student who repeats a study year must either match or exceed the requirement in respect of the percentage of modules stipulated in paragraphs A3.10(a), A3.10(b) and A3.10(c) before she/he shall be allowed to continue with the next study year of the programme in the following calendar year.
- (f) A part-time undergraduate student is expected to attain half of the achievements that are required in paragraphs A3.10 (a) to A3.10 (e).

Code module changes, equivalent modules and transition rules

- New first-year students, who registered for the first time in 2015, should register according to the curricula in this 2015 Rule Book.
- Students who registered according to the 2012, 2013 and 2014 Rule Book as first-years must proceed on second- and third-year level according to the curricula in the 2015 Rule Book.
- Current students, who registered for the first time in 2011 or before in an earlier year, without a break in registration, should follow the curricula in the Rule Book of the year that they registered for the first time for that specific programme and use the new eight-digit module codes.
- If students want to be credited for modules already obtained, the following will be applicable to current students who, in 2015, changed to another programme in this faculty:
 - If students change from one programme to another they must follow

the curricula of the programme to which they have changed, as appears in the Rule Book of the year that they registered for that specific programme for the first time.

- Students must register for the new module codes where applicable.

The maximum period within which students may qualify to repeat a module or for a programme is defined by the following General Rules:

A3.11 (a)

- (i) A student who has already twice registered for a particular module (question paper/practical work) and who still fails to comply with the pass requirements, will only be granted one further opportunity to re-register for the qualification on the basis of exceptional merit – with the approval of the dean of the faculty in which the module is offered, on the recommendation of the academic head of department and/or the programme director, and with written notification to the senior director: Student Academic Services.
- (i) At the Qwaqwa Campus, the designated member of the Qwaqwa Campus management, in consultation with the academic head of department, grants approval, with written notification to the dean.

A5 (a) “Except in cases where Council via Senate implements new rules with immediate effect, a student may, for a first qualification, only register at the University for the minimum period allowed for that qualification plus an additional two years, with the second period following directly after the first, and she/he must complete her/his studies for that particular qualification in accordance with the rules applicable at the time of first registration.”

Module prerequisites

Department of Economics

Module	Module prerequisite
EECF1614	National Senior Certificate with Mathematics performance level 4
EECF1624	National Senior Certificate with Mathematics performance level 4
EMIC2714	EECF1624 or EFEC2624
EMAC2724	EECF1624 or EFEC2624
EINT3715	EECF1624 or EFEC2624
EECT3725	EECS1524 and EMAC2624

Department of Business Management

Module	Module prerequisite
EBUS2715	EBUS1624

Centre for Accounting

Module	Module prerequisite
EACC2608	EACC1614 and/or EACC1624
EACC3708	EACC2608 or EFAC1614 and EFAC1624

Please note that students from other Faculties must also comply with the abovementioned prerequisites.

UNDERGRADUATE STUDIES IN PRIVATE SECTOR MANAGEMENT

General Information**Programmes in Private Sector**

Management can be obtained in several fields of study. These are all accommodated within the programme Bachelor of Commerce (BCom). This is a highly regarded and comprehensive basic management programme and is structured for economic and management positions (especially in the private sector), academic careers at universities and universities of technology, or a career as a teacher.

- While a BCom is directed at economic and management positions in the private sector, it is also an excellent programme for a career in the public sector (compare with the undergraduate programme in Public Sector Management).
- The programme is structured around the core subjects of Economics (being the root science), Business Management (including Marketing, Entrepreneurship and Financial Management), Industrial Psychology and Accounting. The BCom offers a broader option to students who would like a solid general management background, but who prefer not to specialise too soon.
- Specialities from which to choose within the BCom programme, as indicated under general admission requirements.

The curricula for each field of study are explained in the following section.

Undergraduate studies in Private Sector Management

Rule F13 Bachelor of Commerce *with specialisation in General Management*

BCom with specialisation in General Management (Minimum total credits: 424)

UNDERGRADUATE STUDIES IN PUBLIC SECTOR MANAGEMENT

General Information

The BAdmin is a specialised programme aimed at a career in the public sector, parastatal institutions, trade unions and non-governmental organisations and also for academic careers at tertiary institutions. It is structured around Public Administration and Management, with relevant ancillary modules in Human Resource Management; Public Financial Management; Organisational Analysis; Public Policy; Supply Chain Management; and monitoring and evaluation in the Public Sector.

As students you will have access to academics with a practical understanding and knowledge of Public and Development Management, cutting-edge research and innovative teaching and learning strategies aimed at enhancing your professional skills and understanding.

The curricula for the aforementioned BAdmin studies are explained in the following section.

Rule F15 Bachelor of Administration (If offered)
