

ACTA Structilia

The journal for the physical and development sciences, i.e. architecture, urban and regional planning, quantity surveying and construction management, building economy, engineering, and property and community development projects.

The University of the Free State, in collaboration with other South African universities, compiles *Acta Structilia*. Articles by local and overseas experts, refereed by independently selected adjudicators, are published in both Afrikaans and English. *Acta Structilia*, published biannually, is available at all relevant departments of local universities and South African libraries.

The subscription fee amounts to R40 per copy for local subscribers and US \$40 per copy, for overseas subscribers.
