Adaptive		<ul> <li>ANALYTICAL</li> <li>Based on my scientific background, I am able to: <ul> <li>Identify trends and needs</li> <li>Measure and analyse</li> <li>Communicate effectively to find solutions</li> <li>Implement recommendations</li> <li>Guide thesis-writing and evaluate theses</li> </ul> </li> </ul>
Communicative		
Professional		
Team player		
Organized		<b>RESEARCH</b> My interest in maternal and foetal health led to establishing a research group which focused on the <b>molecular genetics</b> of Pre-eclampsia. I worked closely with a group of dedicated clinicians, sonographers and international collaborators.
		<b>COMMUNICATION</b> I have sound facilitation skills based on years of experience and am able to provide informative and engaging workshops and lectures. I recognize the value of a blended toolkit, different learning and thinking styles; and teams and relationships.
8 Edinpark Blinkblaar Street Woodland Hills Estate Bloemfontein, 9300		I believe in sound collaboration (ie, the exchange of skills) and in maintaining a multi- disciplinary and holistic approach to resolving issues.
ID: 640528 0134 086		I have a good command of written and verbal English; Afrikaans is my second language, and I have a basic understanding of German.
r.rebello@iafrica.com		I am comfortable using Online management systems (Moodle, Blackboard) & MS Office: Word, Excell, Outlook, Powerpoint; Google, Skype, Teams, Zoom.
