# Undergraduate Programmes

## General Orientation

This section of the Rule Book of the University of the Free State (UFS) sets out the rules regarding the undergraduate programmes and study programmes in the Faculty of Economic and Management Sciences (EMS).

The Protection of Personal Information (PoPI) Act, No. 4 of 2013, promotes the protection of personal information by public and private bodies. Therefore, the PoPI Act influences how the faculty collects, stores, or disseminates the personal information of its students. As such, any personal student information, including information about academic performance, may not be disclosed to third parties, including sponsors and parents, without the student's written consent.

All registered EMS undergraduate students must adhere to the **Faculty of Economic and Management Sciences Rules and General Rules for Undergraduate Qualifications, Postgraduate Diplomas, Bachelor Honours Degrees, Master's Degrees, Degrees, Higher Doctorates and Honorary Degrees** (hereafter referred to as Faculty Rules and General Rules respectively).

Several rules apply across the programmes and major fields of study. These rules are categorised into two sets, namely General Rules and Faculty Rules. It is the responsibility of students to be conversant with the General Rules and the Faculty Rules.

**General Rules** apply to all faculties, including the faculty of Economic and Management Sciences. Unless specified otherwise, the General Rules apply to all the programmes listed herein.

The General Rules contain basic information such as the following:

- Student registration; module modifications; simultaneous registration; curriculum compilation; duration of study; preconditions; acknowledgement of modules passed at other institutions; etc.
- Semester and year marks; requirements for passing; programme with distinction; re-admission and academic exclusion of a student; re-assessments; special examinations; arrangements for examination venues; incorrect reading of examination timetable; marks and final results; etc.
- The National Benchmark Test (NBT) is compulsory for all prospective first-year students at the UFS who have applied for UFS studies. Students applying for admission to the Faculty of Economic and Management Sciences must also write the Mathematics test.
- All extended curriculum programme students will be registered (during formal registration) for the applicable language (EALE1508) and Mathematics Development module(s) (MTDE1508) for the BAdmin extended curriculum programme and MATD1554 and MATD1584 for the BCom extended curriculum programme, regardless of the NBT's score.

**Faculty Rules** are described in this publication. These rules apply specifically to the programmes in this faculty. Each rule is denoted by the letter “F” followed by a number, e.g. “Rule F1”, “Rule F2”, etc.

#### **Resubmission of summative assessments other than examinations**

For some modules, there are no exams, and the final summative assessment will be in the form of a project, portfolio, essay or research report. For such modules, if the final mark (in the final year of study) is between 45% and 49%, the student may (as the final opportunity) resubmit improved work for assessment. Final opportunity resubmissions must be submitted before the due dates as determined by the UFS.

# Bachelor Degree Programmes

## Information

The Bachelor Degree Programmes in this faculty are intended to develop a student's capabilities and potential maximally. Scientifically based teaching is applied to equip each student for various career options in the broader field of Economics and Management Sciences. This includes careers in the private and public sectors, certain professions, as well as in secondary and higher education institutions of learning. Postgraduate study is available, upon completion of a relevant Bachelor Degree, for further advancement in a large spectrum of study fields.

Undergraduate programmes are available in one of the following broad fields of study:

- Private Sector Management; and
- Public Sector Management.

The UFSS1504 module is an institutional module offered under the aegis of the Centre for Teaching and Learning. For students registering from 2012 and onwards, the module UFSS1504 is a compulsory module for an undergraduate degree or diploma qualification. Students register for the module in their first year of registration except for students in the extended curriculum programmes who register for the module in their first year of registration at the QwaQwa Campus, i.e. the second year of the extended curriculum programme.

Students that successfully completed the SCLL1508 or SCLL1414 AND SCLL1524 modules must register for the **UFSS1522 in the second semester of their first year of studies in a mainstream programme.**

A promotion system is not applied in the Faculty of Economic and Management Sciences and therefore, General Rules regarding promotion are not applicable in this faculty.

## Faculty requirements

### General admission requirements

It is students' responsibility to be conversant with the most recent version of the General Rules and the Faculty Rules. Over and above the rules in this document, the definitions and rules set out in the <sup>4</sup>General Rules apply. A copy of these rules may be obtained from the university's website <sup>4</sup>. The prospective student's attention is drawn to:

- A1: General Rules
- A2: Applying for Admission

Additionally, minimum Admission Points and National Senior Certificate performance levels must be met for the programmes in this document, as set out in the table below.

Programme	Minimum Admission Point (AP) and National Senior Certificate Performance Levels
BCom with specialisation in Management	AP = 28 Mathematics = Achievement level 4 (50%) English = Achievement level 4 (50%)
BCom with specialisation in G Management <sup>1</sup> (extended curriculum programme)	AP = 24 – 27 Mathematics = Achievement level 3 (40%) English = Achievement level 4 (50%)
BAdmin	AP = 28 English = Achievement level 4 (50%)
BAdmin <sup>2,3</sup> (extended curriculum programme)	AP = 24 – 27 English = Achievement level 4 (50%)

### Rules

1) Students who qualify for the BCom extended curriculum programme are not allowed in the first year of a mainstream BCom Degree Programme.

2) Students who register for the BAdmin or BAdmin extended curriculum programme without the required performance level in Mathematics or its equivalent at National Senior Certificate Level will not be allowed to change to a BCom Degree Programme subsequently.

3) Students who qualify for the BAdmin extended curriculum programme are not allowed in the first year of a mainstream BCom Degree Programme.

4) The General Rules are available on the university's website:

## Progression Rules Regarding Admission to Modules in the Next Study Year

Subject to module requirements, students must attain the following minimum achievements in each study programme. The prescribed module combinations for each academic year have been stipulated in the curriculum. Unless a faculty determines a higher requirement for progression, which is published in the faculty's rule book, these progression rules will apply.

### Application of progression rules

- The progression rules apply in respect of undergraduate students and apply to all programmes from 2014.
- Students enrolled for HCerts (access), extended, and distance learning programmes of the South Campus are **excluded** from these rules and follow the programme-specific progression requirements.

### Progression rules in respect of undergraduate students

Students must please refer to the [General Rules and Faculty Rules](#) for more information about the progression rules and the rules for students who change their study programme after their first year of studies at the UFS. These rules are available on the university's website.

A minimum number of credits must be earned by the end of each year of registration before the student will be allowed to register for the next year. These credits are accumulated by completing the required modules.

### Progression requirements for three-year qualifications

Year of registration	Minimum credits required for admission	Equivalent to	To be achieved by the end of
2	48	3 x 16-credit modules	year 1 of registration
3	112	7 x 16-credit modules	year 2 of registration
4	224	14 x 16-credit modules	year 3 of registration
5	288	18 x 16-credit modules	year 4 of registration

*The student must complete the three-year undergraduate programme by the end of the 5<sup>th</sup> year of registration.*

## Progression requirements for four-year qualifications

The following progression requirements apply to four-year professional as well as four-year extended qualifications.

Year of registration	Minimum credits required for admission	Equivalent to	To be achieved by the end of
2	48	3 x 16-credit modules	year 1 of registration
3	112	7 x 16-credit modules	year 2 of registration
4	192	12 x 16-credit modules	year 3 of registration
5	320	20 x 16-credit modules	year 4 of registration
6	384	24 x 16-credit modules	year 5 of registration

*The student must complete the four-year undergraduate programme by the end of the 6<sup>th</sup> year of registration.*

## Concessions for students who do not qualify to start the next year of study

To facilitate progression, the following concession may be made where a student does not meet the requirements for progression to the next year of study.

- The student may register for the outstanding modules and repeat the academic year.
- This concession requires the recommendation of the programme director and permission from the assistant dean.

## Module Code Changes, Equivalent Modules and Transition Rules

- a) Current students who registered for the first time in 2015 and onwards, without a break in registration, should follow the curricula in the Rule Book of the first year of registration.
- b) If students change from one programme to another, they must follow the curricula of the programme to which they have changed, as appears in the Rule Book of the year that they registered for that specific programme for the first time.

## Duration of Study

The General Rules stipulate that, except in cases where the Council, *via* the Senate, implements new rules with immediate effect,

A student may only register for an undergraduate qualification at the UFS for the minimum duration allowed for that qualification plus an additional two consecutive years. The student must complete the according to the rules that applied when the student first registered for the qualification. Should there be an interruption to the student's study, the rules applicable at the time of the registration after interruption will apply.

## Module Prerequisites

Please note that students from other faculties must also comply with the prerequisites as indicated below.

# Undergraduate Studies

## Private Sector Management

### General Information

Management skills can be obtained in several fields of study. These are all accommodated within the degree programme Bachelor of Commerce (BCom). The BCom is a highly regarded and comprehensive management degree programme structured for economic and management positions (especially in the private sector), academic careers at universities and universities of technology, or a career as a teacher.

- While a BCom degree is directed at economic and management positions in the private sector, it is also an excellent degree programme for a career in the public sector (compare with the undergraduate degree programme in Public Sector Management).
- The degree programme is structured around the core subjects of Economics, Business Management, Industrial Psychology and Accounting. The BCom degree offers a broader option to students who would like a solid general management background but prefer not to specialise too soon.
- There are specialisations from which to choose within the BCom Degree Programme, as indicated under general admission requirements.

The curricula for each major field of study are explained in the following section.
