

UFS waives application fees for studies in 2016

The University of the Free State (UFS) has waived application fees for all prospective undergraduate and postgraduate students—nationally and internationally—who want to study at the institution in 2016.

To support this initiative, UFS Marketing will conduct an On-site Application Assistance Campaign where the team will visit the towns and cities below. The UFS team is available to help you complete your FREE application. Please bring certified copies of your ID and Grade 11 and 12 June exam results. If you are 18 or younger, please bring certified copies of your parents' IDs as well.
